

## Captura

**Product #** 40160290

### DESCRIPTION

CAPTURA is the ideal electronic lock solution for lockers, office furniture, hotel and commercial furnishings, as well as the education and healthcare sectors.

Regardless of cabinet type, CAPTURA is easy to install thanks to its symmetrical design and locking pins which automatically compensate for installation tolerances.

The universal installation card permits operation of the lock throughout the entire supply chain -- up until the moment that the client takes possession of the lock.

### ADVANTAGES AND BENEFITS

- RFID lock with integrated antenna - Compact and concealed installation - 13.56 MHz MIFARE® Classic, MIFARE® DESFire® EV1/EV2 - Up to 250 transponders can be programmed per lock - Automatic locking configurable - Change of operating mode (assigned use or shared use) - Configuration via transponder cards or with LEHMANN Management Software LMS - Installation card: universal tool to operate lock throughout the supply chain up until the client takes possession of the lock - Acoustic signaling can be deactivated - Battery type: 1 x CR123A - Assembly in metal with additional component (not included) - Optional: optical indicator by light point - Optional: ejector pin on the lock pushes the door open automatically
