

Sit/Stand Series Keyboard Arm

Product # 500745890

DESCRIPTION

Compatible with all Richelieu Ergo keyboard trays

- Richelieu's Ergo Sit/Stand Series Keyboard Arm includes a 21 3/4 in (552.45 mm) low profile ball bearing Teflon glide base frame, with standard sit/stand adjustment.
- Reduced neck length allows user to get closer to the desk.
- Superior lock-up, increased stability, and improved tilt position accuracy.
- Sit-stand arms incorporate height gauges to mark user's optimal ergonomic keyboard position.
- Height and tilt indicators.

ADVANTAGES AND BENEFITS

- Height range: 8 1/4 in (20.95 cm) above track and 5 7/8 in (14.93 cm) below track.
- Dial tilt gauge shows the angle of the tray from -15° to 10°.
- Sit-stand arms incorporate height gauges to mark user's optimal ergonomic keyboard position.
- With a 360° swivel, user can move keyboard freely from side to side.
