

Rectangular USB Charger

Product # OEXH715B900

Finish Black

DESCRIPTION

USB-C + USB-A charging station

Make your office space ergonomic thanks to this charging solution equipped with USB-A and USB-C connection technology. Ideal to optimize your office space, night tables, coffee tables, under countertops, or any other furniture where you set down your rechargeable devices. Can be surface or recess mounted. Simply drill a 13 x 86 mm hole, insert the charger, and affix using mounting screws, or mount on or under the surface with mounting screws.

WARNING:

- For charging only
- Accommodates USB-C and USB-A enabled smart phones, tablets and laptops
- 20 watt retrofit power supply
